

LED EXTERIOR LIGHTING

DUSK TO DAWN

Superior Life® LED Dusk to Dawn delivers bright, uniform light from sunset to sunrise. Our energy-saving fixture automatically turns on and off, preventing the need of a manual switch or programming an additional timer. The built-in photocell automatically adjusts as daylight shifts during each season. Maintenance free with a long life (50,000 hrs) significantly reduces labor costs and energy use over the life of the fixture.

Application: Ideal for commercial and industrial applications; building entrances, pathways, loading docks, warehouses, farmyards, security and perimeter lighting.

LED EXTERIOR LIGHTING SPEC-SELECT™ DUSK TO DAWN

FEATURES
