

PET LAMPS

ENJOY YOUR PET

Solar-Brite™ Exotic Pet UVA/UVB plus heat lamps are useful in preventing and treating Metabolic Bone

Disease that can occur with reptiles in captivity. The combination of UVA/UVB plus heat stimulates appetite, increases the brilliance of the reptile's natural color and assists in inducing breeding when included in a light cycle regimen. Solar-Brite™ lamps are economical, they provide both proper light and heat from a single unit and have a useful life of 10,000 hrs.

Day-Brite™ color enhancing exotic pet bulbs are coated with rare earth neodymium to enhance the colors of reptiles. These Full-Spectrum bulbs provide purified light that simulates the natural photo environment of a reptile's habitat. The heat radiating from these lamps simulates the sun, allowing them to bask in its warmth. Day-Brite™ also provides physiological well-being to your pet with beneficial emissions of UVA wavelengths.
